CORRESPONDENCE.

Bits from Brown City. Riley Bros. have completed the job of cutting the hill and grading Main street in a manner satisfactory to the village council. The new twelve-foot sidewalk is completed from R. G. Brown's to the station. Bert Mixter has returned home from Oscoda after an absence of one year. A bonus is being agitated in our midst for the purpose of inducing some firm to establish a woolen factory here. Mr. and Mrs. E. Grace are visiting friends at their old home in Brantford, Canada. J. A. Yarnest has stocked his new store with a nice line of goods, and is prepared to conduct business with the public at his old stand. F. Snyder is building an addition to his handsome Post office store. We regret the death of the late, eldest daughter of William Knowles near this place. She was a highly accomplished and widely respected member of society, and the community have sustained a great loss by her death.

Railroad News.

The East Saginaw Herald of this morning publishes the following regarding the visit of P. H. & N. W. officials to that city yesterday: The Port Huron & Northwestern officials arrived in the city yesterday forenoon on a special train. The party included John P. Sanborn, president, Fred L. Wells, treasurer, and General Manager McMoran, all of Port Huron, and Mr. Oakley, of New York. Mr. Oakley represents the bondholders of the road, and the trip was made so that he could inspect the terminal facilities in the city offered the road by the Saginaw, Toledo & Mackinac railroad. In company with the officials of the new Saginaw road the party were driven through the city and made a careful inspection of the terminal facilities. Mr. Oakley expressed himself as highly pleased with them, and stated that the gauge of the road would be changed at once, and with the facilities offered for getting a share of the business of Saginaw the road would undoubtedly become much more valuable property. It was also stated that this season. In regard to the talked of negotiations with the P. & M. company the reporter was informed that an offer had been made by the Port Huron company to the former, which was declined, and this will probably end the matter between the companies. We learn from officers of the P. H. & N. W. that the Herald's statement is in the main correct, although it is doubtful if the road is made standard gauge this fall. The track from Port Huron to East Saginaw is now in excellent condition, and the special train made the return trip of 61 miles last night inside of two and a half hours.
